

Save Our Dodge County Lakes and Rivers

GREEN FIELDS

QUALITY WATER

WEDNESDAY, FEBRUARY 6, 2019 • 6-8 pm

Bayside Supper Club, W9231 Cty Rd G, Beaver Dam

FREE SEMINAR:
How YOU Can Improve
Water Quality

You are invited to attend an informative presentation by nationally known speaker Steve Groff and local farmers about what they are doing to reduce runoff of sediment and nutrients into our lakes and rivers.

Steve Groff is the founder of *Cover Crop Coaching* and is renowned worldwide for his work on cover crops over the past 22 years.

Lake erosion specialist Lisa Reas will also discuss what property owners can do to protect against runoff from their lake properties.

RSVP by Friday,

Learn how farmers and property owners make a difference in water quality!

Every person interested in better water quality in our lakes and rivers should consider attending to learn more about:

- What homeowners and farmers can accomplish together
- Lawn and shoreline care and their effects
- How cover crop farming benefits lake property owners and farmers
- How you personally can contribute to better water quality

Organizing Groups: Beaver Dam Lake Improvement Association, Fox Inland Lake Protection & Rehabilitation District, Fox Lake Preservation Organization, Lake Sinissippi Improvement District, Lake Sinissippi Association and the Dodge County Healthy Soil-Healthy Water Farmer's Group & Alliance
