

## Dodge County Established Lake District March 2020

Judge De Vries dismissed appeal and confirms Beaver Dam Lake District formation.

Some of the high points of this are:

- Initial Commissioners were appointed to Form Start-Up Structure.
- The Commissioners have completed initial tasks per Wi Statutes 33
- A special Assessment for Start Up and Initial Operations of \$45.80 per parcel, will cover start up and operations through December 2021.
- The commissioners are looking forward to the first annual meeting in the summer of 2021
- The Corona virus would have made a meeting with potentially 100 plus people a major health concern in 2020.
- We look forward to the collaboration of the District with other Partners-Stakeholders as we Protect Our Lake Water Quality & Habitat.

For more information you can visit the district web site [www.bdlakedistrict.org](http://www.bdlakedistrict.org) or contact them
